## AWARD MESSAGE

Thank you for your critical support of the creation of the Capital Lab Equipment Onboarding (CLEO) tool that was created for the South San Francisco site. The tool was born out of necessity to reduce delays in purchasing and onboarding capital lab equipment to the South San Francisco site due to staffing gaps and old processes that kept information siloed. Your contributions were integral in creating a tool for end users that was inclusive and transparent for a process that used to be confusing and complicated. The result of which is a consistently smoother process, information open to all stakeholders, and the ability to capture metrics for process improvement.
